

ERMA VOLUNTEER FIRE COMPANY Station 62

In 1956 Erma Volunteer Fire Company became part of the community with a meeting held in Howard Matthews' home. At that time, community members wished for better fire protection. In the last fifty years, the fire company has grown with the help and support of the community. We are proud to have served the community for over 50 years.

To improve the front of the building, we are going to be adding a brick walkway leading up to our flags. This is a chance to purchase a brick for you, a loved one, or to promote your business, and become permanently associated with Erma Volunteer Fire Company. Each brick will be a visible part of the walkway leading to our flags. We are currently starting the construction of the walkway and would be honored to have a personalized brick from you to be part of it! Please don't wait until the last minute to purchase your brick. We have to order in quantities of 100 bricks. So, please take the time out now and reserve your brick. Thank you in advance for your support!

Please make sure your engraving information is spelled correctly on the lines below – 3 lines with 20 characters per line (spaces and punctuation count as characters).
